

Jean Valjean and his nemesis, Inspector Javert: two men in conflict, but sharing a determination to live with honour. This PLAY version of Les Misérables brings together some of the most memorable characters from the Victor Hugo novel - the obnoxious Thénardiens, forlorn Eponine, the unfortunate Fantine, romantic Marius and Cosette, daring Enjolras, and others - in a production full of excitement, drama and humour, with appropriate atmospheric music, some original songs and a spectacular 'Barricade Scene', notable for its dramatic lighting and other effects, leading to a moving finale where the fates of all are decided. **DO NOT MISS IT!**
